Technical expertise

I'm a committed architect and web specialist, and a fond OpenSource passionate. I'm an enthusiastic technical leader who strives to contribute to or endorse best practices, innovative approaches and Open Source solutions wherever possible. I'm a Clojure dedicated evangelist and meetup organizer.

Programming languages:

- Java (J2SE, J2EE, Spring, Hibernate, …)
- Clojure / ClojureScript
- Bash
- SQL
- HTML5 / XML
- Javascript / CSS / DOM
- Scala

Various, unordered, general proficiencies and expertise:

- Apache Camel
- Various J2EE and Servlet containers (JBoss, IBM WAS, Tomcat)
- Alfresco ECM
- Jboss AS, IBM WAS, Apache Tomcat
- CI / CD via Maven, Jenkins, AWS, Ansible
- REST APIs, SOAP WS
- Various VCS such as GIT (CLI, GitHub, Stash), SVN
- Collaboration tools such as Jira, Confluence, Trac, …
- Emacs, IntelliJ IDEA, Eclipse, vim
- Design Patterns, UML
- TCP/IP networks, HA, Clustering
- Advance usage and administration of Linux, OS X
- Apache httpd, NGINX

Work Experience

Jan 2015 -> present	**Sytac**

Technical Lead [@ KLM]

Providing technical guidance and consultancy to the customer. Part of a product team, I'm involved on all stages of development, support and maintenance of part of the KLM public facing web site. Owner of the performance and security compliance of part of the codebase.

Creation of a new technical training facility, selection of relevant topics and of training material.

Selection and assessments of new hires.

July 2011 -> Dec 2015	**Backbase R&D**

Technical Manager Server Team (since April 2014)
Software Architect (since Jan 2014)
Product Lead (since Feb 2012)
Senior Developer

Operational and technical manager of the server side development across the whole Backbase R&D. Champion and support of Agile practices. Technical supervision and thought leadership of server technologies, standards and patterns.

Translation of the technical roadmap into software architecture. Advise and guide server development of the core Backbase portal product. Cummunicate and explain the Backbase portal technical roadmap to customers.

Full ownership of the design, architecture and code of all content centric components of the Backbase platform.

Support implementation projects and presales activities in customer facing roles.

Key technologies/frameworks: Alfresco ECM, Spring, Maven2, Hibernate, Apache Camel, Apache HTTPD, JBoss AS, IBM Webshpere, Oracle DB, IBM DB2, MySQL

http://www.backbase.com

April 2010 -> present	**Amsterdam Clojurians Meetup**

Organizer

Advertise Clojure meetups in the Netherlands, organize and plan events and presentations, host meetups.

Key technologies/frameworks: Clojure

http://amsclj.nl

http://www.reply.it

| Jun 2005 -> Jul 2005 | **Pegaso Lavoro** |

Network Engineer

Key technologies: network design, TCP/IP network stack, OpenSSH, Netfilter packet filtering

http://www.pegasolavoro.it

| Jun 2003 -> Dec 2004 | **Epik** |

Linux Architect and Web Developer (intern)

Key technologies: Debian GNU/Linux, Netfilter, Bash scripting, PHPv4, MySQLv4

http://www.epik.it

Language skills

Italian   Mother tongue

English   Fluent, primary working language since 2008

Dutch   Basic reading and understanding

Conferences and presentations

2012 Amsterdam Cloj.   [Dispatch in Clojure](#)

2012 JUG Sardegna   [A dive into Clojure](#)

2011 Alfresco DevCon   [Alfresco, the Clojure way](#)

Education

2007 **University of Pisa** Master of Science in Computer Engineering
(Percentage scored: 93%)
Final dissertation titled "A SOAPw/Attachment file transfer protocol for a replication and consistency service in a GRID environment"

2004 **University of Pisa** Bachelor degree in Computer Engineering
(Percentage scored: 89%)
Final dissertation titled "Linux, web and packet filtering: developing a web frontend to iptables"

Other studies and certifications

2013   Certified Scrum Master

2012   Agile Foundation certificate [Agile Consortium]

2011   Recognized Alfresco Developer [Alfresco Software]

2009   Beginner Dutch course [IIC Amsterdam]

2008   Advanced English course [Shenker Institute of English]

2003   Intermediate english course [CLI Pisa]

Hobbies and interests

New technologies in general, and in the OpenSource / mobile / languages / multimedia fields in particular; music in a wide range of its incarnations, from free jazz to rock to classical; modern and contemporary philosophy and literature.
